SUMMARY

Information Technology student with a focus on project management Business analysis. Skilled in programming (Python, Java,SQL), UI/UX design, and database management, with a passion for leveraging technology to solve real-world challenges and drive innovation.

EDUCATION

Bachelor of Information Technology (IT), Imam Mohammad Ibn Saud Islamic University   Riyadh
Jan 2020 — Present

- 4.19 GPA

PROJECTS

Sokoon

Graduation Project

- We created the "Sokoon" Application, which uses Hand Gesture Recognition (HGR) and Machine Learning (ML) to teach children Arabic Sign Language. The app features two modes: a training mode, where instructional videos guide children in mimicking gestures through the iPad's camera, and a challenge mode, where children identify and perform the correct hand gestures for displayed Arabic letters or words.

COURSES

HCIA-AI, HUAWEI
Jul 2023

Foundations of User Experience (UX) Design, Google
Apr 2024

Industry-aligned skills in Flutter development.
Jun 2024

Data Fundamentals, IBM
Jun 2024
