PROFILE

Cybersecurity Student with a strong foundation in information security principles, network security, ethical hacking, and also experienced in database work. Known for my keen attention to detail and strong organizational skills, I am passionate about protecting critical infrastructure. My long-term goal is to specialize in this field, and I am eager to contribute to a collaborative team environment.

EDUCATION

Bachelor of Science in Cybersecurity

Princess Nora University

2021 - 2025

GPA: **4.45 / 5** (Current)

PROFESSIONAL CERTIFICATE

• CompTIA Security+ (SY0-701)

CompTIA

Dec 2024

Verification Code: 7P2KFPCSZNR11L3L

Verification Link: <http://verify.CompTIA.org>

PROJECTS

• malware prevention system through machine learning (2024)

Developed a machine learning-based malware prevention system, leveraging advanced algorithms to identify and mitigate malicious software, enhancing system resilience.

• Designing a security protocol for a bank web application (2024)

Developed and implemented secure protocols for user registration and money transfer. Applied cryptographic techniques including RSA and AES encryption.

COURSES

• Cybersecurity and Mobility

Coursera

Apr 2024

• Ethical Hacking Essentials

EC-Council

Mar 2024

• CCNAv7: Introduction to Networks

Cisco Networking Academy

Feb 2023

• Introduction to Cybersecurity

Cisco Networking Academy

Jan 2023

LANGUAGES

• Arabic: Native

• **English:** Professional working proficiency.

TECHNICAL SKILLS

• **Networking:** Cisco Packet Tracer

• **Security Tools:** Kali Linux

• **Programming & Scripting:** HTML, CSS, JavaScript, SQL

• **Machine Learning:** Applied techniques in cybersecurity

SOFT SKILLS

- Organization and time management
- Communication and presentation
- Teamworking
- Fast learning
- Problem-solving
