### SUMMARY

Computer Science graduate with a focus on JavaScript development and cybersecurity. Proficient in JavaScript frameworks and libraries, including React and Node.js. Skilled in SQL Server database management and experienced in blockchain development with Solidity. Strong background in software engineering, creating secure and scalable applications.

### EDUCATION

**Taibah University | Saudi Arabia**

*Bachelor's in computer science.*

**2019-2024**

### PROJECTS

#### FALCONEYE AI

##### AI-Powered Image Editing Platform

**2024**

- Built an AI-powered image editor with features like background removal and recoloring to enhance workflow efficiency for creative professional
- Developed using the MERN stack and additional libraries for seamless performance and functionality.

#### FAMILY WALLET

##### Graduation Project

**2024**

- Built a blockchain-integrated Flutter application that enables parents to establish cryptocurrency wallets for transactions, offers spending charts, and supports effective family financial management.
- Utilized technologies including Solidity, Dart, JavaScript, Truffle, Flutter, and SQLite.

#### AAAM HOTEL

##### Website for Hotel Reservation

- Developed a seamless platform for guests to effortlessly search, select, and book hotel rooms online.
- Utilized JavaScript, HTML, and CSS for front-end development, and PHP for back-end and database management, ensuring an intuitive user experience and reliable data operations.

**2023**

### WORK EXPERIENCE

**Tuwaiq Academy – Saudi Arabia**

**Trainee| Building Websites Using JavaScript**

**Aug 2024 – Ocp 2024**

- Developed responsive web pages, ensuring user-friendly interfaces across devices.
- Integrated RESTful APIs for dynamic, data-driven applications.

**Adilla Company – Saudi Arabia**

**Coordinator | A period of two months each season**

**2023 – 2024**

- Developed a seamless platform for guests to effortlessly search, select, and book hotel rooms online.

### COURSES AND CERTIFICATIONS

- McKinsey Forward Program| **Aug 2024**
- Jira scrum project| Coursera | **Sep 2023**
- Secuity+| Netriders Academy| **March 2023**

### SKILLS

- Soft Skills: Problem Solving, Communication, Time Management, Teamwork, Work under pressure, Adaptability.
- Technical Skills: Java, SQL, JavaScript, HTML5, CSS3, Solidity, Git, GitHub, Microsoft Office.
- Languages: Arabic – English.
