PROJECTS:

The Impact of health expenditure on economic growth in Saudi Arabia from 2000 to 2018

Economic Analyst

- In this project, we formulated the questions and hypotheses, reviewed relevant previous studies, collected data from reliable sources such as the World Bank Data, and utilized data analysis tools like the EViews application.

Mining Industry in Saudi Arabia

Economic Analyst

- In this project, we analyzed the concentration ratio of metals companies using CR and HHI models, collected data from their websites, and represented it in Excel. We tested hypotheses, resolved issues, and provided recommendations.

Analysis the tax in saudi Arabia

Tax Analyst

- In this project, we analyzed the reasons for tax imposition in Saudi Arabia, the types of taxes used, and their outcomes. We illustrated the results with graphs, explained their societal impact, and offered suggestions for improving the tax system.
