Volunteering

Innovation and Entrepreneurship Club
Member of Human Resources Committee 04/2024 - Present
.Writing Newsletters and Internal Communication: I participate in drafting and circulating newsletters to keep members updated on the latest club developments and activities, as well as communicating news and updates relevant to all members.
Recruitment and Onboarding: I work on attracting students with a passion for innovation and entrepreneurship, assessing their compatibility with the club's vision and objectives, and assisting in the evaluation and onboarding of new members.
Continuous Member Development: I contribute to the personal and professional development of members

Above & Beyond Club
Member of public relations (PR) Committee 05/2024 - Present
Connecting with External Organizations: I help establish partnerships with organizations and secure sponsors to support club events, explore opportunities for collaboration, and foster knowledge exchange with other entities.
Promoting Club Activities: I contribute to creating promotional plans and media content, such as newsletters and digital materials, to ensure that the club's activities and events reach as many students and university community members as possible
Building Relationships: I work on establishing effective relationships with various departments within the university, such as faculties and student organizations, as well as with external organizations, including local businesses, government agencies, and other student communities.
