SUMMARY

Artificial Intelligence student with sufficient expertise in data analysis using Python programming, as well as a strong knowledge of machine learning and the implementation of various algorithms. I not only understand theoretical concepts but also possess the ability to apply them practically.

EDUCATION

Bachelor of Artificial Intelligence   08/2021 – 06/2025
Bisha University   Saudi Arabia

EXPERIENCE

Quality and Certification Committee | Edhaah (إضاءة)   07/2024 – present
Bisha University Branch
• Worked with Edhaah (إضاءة) Volunteer System to manage and organize community service activities.
• Ensured quality standards in member certifications and committee activities.
• Oversaw certification processes, tracked compliance, and ensured proper documentation.

Invention and Innovation Committee Member   01/2024 – present
Link Club | Bisha University
• Supported innovative projects by contributing ideas and resources.
• Assisted in organizing events and workshops.

Social Media Account Content Writer   01/2023 – present
Artificial Intelligence Club | Bisha University
• Created and managed engaging content for AI club's social media platforms.
• Contributed to promoting events and initiatives that boosted member engagement.

PROFESSIONAL SKILLS

Programming Languages
Python, SQL, Java, C++

Machine learning
Model development, data preprocessing, and evaluation using tools like Weka.

Data Analysis
 Skilled in using Python and other tools to process and analyze datasets.

Microsoft Office
Proficient in Word, Excel, and PowerPoint

SOFT SKILLS

Adaptability	Collaboration
Fast Learning	Flexibility
Team Leadership	Time Management

AWARDS

Second place in the Artificial Intelligence Club competition
hosted by the University of Bisha for World Diabetes Day.
. Design image using AI tools
