OBJECTIVE

I am ambitious and constantly seek to develop my academic and professional skills. I have a great curiosity to learn and explore the field of accounting. I look forward to making a positive contribution to the tasks that I will perform during the training program, which will allow me to apply my experiences and what I have learned. I aspire to gain practical experience through a cooperative training program.

EDUCATION

Bachelor of Accounting, Zakat and Tax at Princess Noura University 2021-2025

GPA 4.39 out of 5

UNIVERSITY PROJECTS

Project to amend the Zakat declaration:

In this project, I collaborated with my work team to amend the Zakat declaration to obtain an accurately calculated Zakat base to determine the Zakat due.

We were able to: Carefully review the financial statements to ensure the completeness and integrity of the information included in the declaration, Identify the items and assets to which the provisions of Zakat apply by Sharia controls, Propose the necessary amendments to the declaration to ensure that the Zakat base is calculated correctly.

Stock price analysis:

I have recorded a detailed analysis of the Almarae company's prices over a whole year and identified the key factors that belong to its business. I used data extracted from the Saudi Stock Exchange platform and analyzed it using Excel. Through this project, I advanced my skills in financial data analysis and strategic advice supported by evidence.

SKILLS

- Proficiency in using Microsoft Office Programs: Excel, Word, PowerPoint
- Good at Onyx ERP financial track Programs
- Ability to conduct financial analysis
- Ability to work within a team
- Strong communication skills
