## PROFESSIONAL SUMMARY

---

Final-year Computer Science student at Majmaah University, enthusiastic about applying my technical skills and academic knowledge in a dynamic work environment. Proficient in programming, software development, and problem-solving, with a strong passion for learning and contributing to innovative projects. Highly motivated to gain hands-on experience and make a meaningful impact through a training opportunity.

## EDUCATION

---

**Bachelor's degree in Computer Science**  
Majmaah University

2019 – 2025

## SKILLS

---

### Programming Languages

- C++, HTML/CSS, JavaScript, Python, SQL

### Soft Skills

- Problem Solving
- Teamwork
- Self-learning and developing
- Communication skills
- Highly discipline

## PROJECTS

---

### Graduation Project

12/2024

The **Face Recognition Attendance System (FRAS)** improves attendance tracking in educational institutions by using facial recognition with Python and OpenCV, alongside a website built with HTML, CSS, and Node.js. It automates face verification during lectures, increasing efficiency, accuracy, and security, while eliminating traditional attendance methods.
