Profile

I'm studying Information Systems at Imam Mohammad Ibn Saud Islamic University and I'm interested in data analysis. I work hard and pay attention to detail, ready to use my skills to help a company meet its goals.

Education

Bachelor of Information Systems, *Imam Mohammad Ibn Saud Islamic University*
August 2020 – present | GPA: 3.9

Languages

- Arabic
- English

Professional Experience

Software Quality Engineer, *Saudi Central Bank - SAMA*
June 2021 – August 2021

Financial Accounting Analyst, *Pan Arabia Medical Co.*
July 2020 – September 2020

Courses

Programming for Data Science, *MISK Foundation*

Power BI Data Analyst, *Microsoft*

Projects

Student Registration Assistant Bot
Helps students with course registration, making the process easier and less stressful. It answers common questions about choosing, enrolling in, or dropping courses, and explains important academic rules. The Chatbot is available so students can get help whenever they need it.

Exploring US Bikeshare Data Using Python
In this project, I made use of Python to explore data related to bike share systems for three major cities in the United States.I wrote a code to import the data and answer interesting questions about it by computing descriptive statistics.

Skills

- Data Analysis
- Power BI
- SQL
- Project Management
- Communication Skills
- Problem Solving
- Fast Learning
- Teamwork and Collaboration
