## SUMMARY

Recent **Finance and Investment** graduate with a strong foundation in **Business Administration, Banking, Risk Management**, and **Accounting**. Actively involved in the Finance and Investment Club, organizing training events to enhance financial knowledge. Seeking a **CO-OP training opportunity** to apply academic expertise and gain practical experience.

## EDUCATION

Bachelor degree of Finance and Investment

Imam Mohammad Ibn Saud Islamic University | Riyadh

Expected Graduation: **[June 2025]**

**Excellent GPA 4.97** out of 5 - **First Class Honor**

## Academic Projects

- **Company Valuation (Jahez):** Assessed the company's value using financial models to project potential future returns.
- **Company Analysis (City Cement Co):** Analyzed the company's performance and market position to derive strategic insights.
- **Portfolio Management (13 Companies - Multiple Sectors):** Created and managed an investment portfolio, optimizing risk and return across diverse sectors.
- **Financial Modeling (System International - CASGS):** Developed financial models to forecast performance and support strategic decision-making.

## Volunteer

I volunteered as a member of the Finance and Investment Club at university, where I played an active role in organizing events and workshops. This experience enhanced my communication skills, deepened my understanding of financial concepts, and strengthened my ability to collaborate effectively in team settings.

## Core Skills

- **Innovation & Creativity:** Strong problem-solving and idea generation.
- **Effective Communication:** Clear and concise written and verbal communication.
- **Team Building:** Skilled in fostering collaboration and achieving team goals.
- **Continuous Self-Development:** Committed to lifelong learning and professional growth.
- **Ambitious & Motivated:** Goal-oriented and results-driven.

## Technical Skills

- **Microsoft Office:** Proficient in Word, Outlook, and PowerPoint.
- **Excel:** Advanced data analysis, including functions like VLOOKUP, HLOOKUP, SUMIF, COUNTIF, and statistical analysis (AVERAGE, STDEV). Skilled in creating charts, dashboards, and dynamic tables.

## Languages

**Arabic** / Native

**English** / Full Professional Proficiency
