SUMMARY

I am a senior IT student at King Saud University with an interest in data analysis. My goal is to apply my knowledge through impactful projects while embracing opportunities to learn and enhance my skills in a dynamic and challenging environment. Currently, I am seeking a CO-OP opportunity to gain practical experience and contribute to real-world projects.

WORK EXPERIENCE

RINGNECK AI   **Jun 2024 - Nov 2024**
AI INTERN

- Trained text-to-speech models in Arabic & English.
- Built a chatbot for the company website.
- Implemented OTP authentication and enhanced back-end security.
- Trained a voice activity model to produce human-like outputs.

EDUCATION

Bachelor's degree in Information technology Track AI & Data science   **Aug 2021 - Present | Riyadh , Saudi Arabia**

King Saud University

Programming for Data science with Python - Nanodegree   **Nov 2023 - Jan 2024**

Udacity

PROJECTS

GenNews Platform
AI Enhanced Journalism Tool

- Collaborated with a team to built a user friendly front-end with React.js and a back-end with Python.
- Integrated Firebase for authentication, database management.
- Implemented personalized recommendations and article generation using AI and machine learning models, including Large language models (LLM), natural language processing (NLP), and Retrieval-Augmented Generation (RAG).

Bookstore
Understanding Customer Preferences

- Collaborated with a team to preprocess Amazon book data and predict ratings using machine learning models.
- Presented insights to enhance customer satisfaction and sales strategies.

Phoshspotter
Detecting Phishing Websites

- Led a team to preprocess data and train machine and deep learning models.
- Optimized model performance using advanced tuning and validation techniques.

SKILLS

Technical Skills   **Soft Skills**

- Program languages   Java , Python , R   - Critical and Analytical Thinking.
- Data Analysis   SQL , Excel ,Power BI , Tableau - Fast Learning Ability.
- Database Management   MySQL, Firebase, MongoDB   - Creativity and Innovation.
                                                      - Teamwork and Collaboration.

VOLUNTEERING

Public Relations   **Sep 2023 - Aug 2024**
Google Developers Student Club

Public Relations   **Jan 2023 - Jun 2023**
Cyber security Club

LANGUAGES

- Arabic   - English
