

# Rahaf Alsharhan

Information Technology

Riyadh, Saudi Arabia | (+966) 53-059-2440 | [rahafalsharhan@outlook.com](mailto:rahafalsharhan@outlook.com) | [LinkedIn](#)

## PROFILE

Enthusiastic Information Technology student interested in cybersecurity and software development with a strong passion for problem-solving and innovation. Seeking a corporate training opportunity to apply my knowledge and gain experience in the Information Technology field.

## EDUCATION

Imam Mohammed ibn Saud Islamic University

Apr 2020 – Expected Graduation May 2025

Bachelor's degree, Information Technology

## PROJECTS

### Safe Pregnancy by Preeclampsia Detection | Cross-Platform Development

Developed a system using wearable technology and a mobile app to monitor blood pressure and other symptoms in real-time, empowering pregnant women to manage their health and enabling timely healthcare provider intervention. *React Native, Java, Firebase, Internet of Things (IoT), Arduino, SRS Document, Modeling Diagram, Testing and QA activities*

### AdventureTools | Cross-Platform Development

Developed a user-friendly Android app for browsing and purchasing high-quality hiking tools and outdoor equipment from trusted brands, tailored for outdoor enthusiasts. *React Native, Java, Firebase*

### Restaurant Reviews Website | Web Development

Developed a website to list restaurants in Riyadh, allowing visitors to rate and review and helping guide others in selecting the best restaurants based on peer ratings and feedback. *HTML, CSS, JavaScript, PHP, MySQL*

### Computer Network | Network Configuration and Management

Configuring and verifying router interfaces, displaying routing tables, and ensuring end-to-end connectivity within a simulated network environment. *Cisco Packet Tracer, Networking Protocols, CLI Commands*
