PROFILE SUMMARY

Senior Information Systems student, seeking an internship to apply my knowledge and skills while continuously developing in a dynamic work environment. Committed to contributing to team success and organizational goals.

EDUCATION

Imam Mohammad Bin Saud Islamic University

College of Computer and Information Science, GPA: 4.26 out of 5 , 2020 - 2025

Core Courses:

- Database management systems.
- IS Project Management.
- Systems Analysis & Design.
- Decision support systems.
- Cybersecurity.
- Information Security.
- E-Business.
- Data mining.
- Enterprise Architecture.
- Application Development.

PROJECTS

• **Graduation Project | Baseera**

Baseera is an app that teaches Islamic values to children through engaging content on the Quran, prayer, and key teachings. It features a follow-up worship schedule and an AI-driven recommendation system that customizes content for various demographics and special occasions like Ramadan and Eid.

• **Academic Projects**

- **Data mining:** Applied data mining techniques to analyze student and blood donation data.
- **Decision support systems:** Developed a classification model using RapidMiner to predict customer churn.
- **E-Business:** Created Pure Nature Store, an e-commerce site for high-quality organic products in Saudi Arabia.
- **IS Project Management:** Developed a geo-fencing check-in system using Microsoft Project for effective project management.
- **Cybersecurity:** Implemented web security using Bitdefender TrafficLight to prevent phishing.
