 Saudi Arabia

SUMMARY

I am a recent Statistics graduate from King Abdulaziz University with strong analytical skills and experience in data analysis using Power BI, Excel, and Google Forms. I gained hands-on experience as a Data Analyst intern at the Jeddah Chamber, where I honed my skills in data interpretation, survey design, and report preparation. I also hold certifications in leadership and executive secretariat, complementing my technical abilities.

EXPERIENCE

Ektefaa Society | Saudi Arabia

Trainee | Statistical Qualification Program | Social Studies | September 2024 – November 2024.

- Reviewed data and applied cleaning and auditing mechanisms to ensure accuracy in results.
- Calculated statistical indicators related to the data.
- Analyzed the data and extracted results using a scientific approach.
- Drafted the final report, clearly reflecting the outcomes of the analysis.

Jeddah Chamber | Saudi Arabia.

Trainee | Data Analyst | July 2024 – July 2024.

- Gained hands-on experience with Power BI for data visualization and reporting.
- Developed proficiency in Microsoft Excel for advanced data analysis and financial modeling.
- Designed and analyzed surveys using Google Forms enhancing data collection and interpretation skills.
- Conducted opinion polling and effectively interpreted data to support decision-making processes.
- Prepared comprehensive reports and presentations using Microsoft Word, ensuring clear communication of insights.
