## CAREER GOAL

---

"I am eager to join a co-op training team to fulfill my graduation requirements, where I can apply my academic background in computer science and analytical skills to advance my field. My goal is to deepen my technical knowledge through hands-on experience with real projects, while contributing to the achievement of the organization's objectives. I am particularly interested in expanding my expertise in machine learning and data analysis, and I look forward to participating in a collaborative environment that fosters innovation, professional development, and practical experience across various domains."

## LANGUAGES

---

Arabic: Native

English: very Good

## HOBBIES

---

- Reading
- Designing
- Traveling
- Learning new languages

## WORK EXPERIENCE

---

"Despite my lack of formal work experience, I am very passionate about learning and excited to apply the knowledge I have gained during my undergraduate studies. I have undertaken several academic projects during my studies, which have sparked my interest in learning more skills. I am committed to working hard and can adapt to any challenges that may arise during my internship. I look forward to the opportunity to enhance my skills."

## EDUCATION

---

University: Jazan University

Computer Science - Artificial Intelligence Track

GPA: 3.69

## SKILLS

---

- Deal with many programming languages
- Speed in completing tasks
- Ability in using computer well.
- Work under pressure
- Adapt to any work environment
- Work in a team spirit
- Self-learning
